Summary

Forward-thinking Software Engineer with background working productively in dynamic environments. Fluent in Python and Shell programming languages used to develop software. Proud team player focused on achieving project objectives with speed and accuracy.

Experience

Nokia	**July 2018 - August 2023**
Software Engineer	Bangalore, India

- Worked with software development and testing team members to design and develop robust solutions to meet client requirements for functionality, scalability and performance.

- Worked as a backend developer for a monitoring tool.

- Updated old code bases to modern development standards, improving functionality.

- Offered experience with Shell scripting, Python and Javascript.

- Tested methodology with writing and execution of test plans, debugging and testing scripts and tools.

Nokia	**January 2018 - June 2018**
Student Intern	Bangalore, India

- Developing scripts to automate manual use cases . Some of these scrips are used to calculate certain metrics like the CPU usage , Memory usage , Thread pool monitoring of various servers.

- Worked on Zabbix(Data Analysis Tool), Linux servers and internal Nokia developed tools.

Education

Humber college	**September 2023 - Present**
Web Development	Post Graduation Diploma
92.7%	

PES Institute of Technology	**July 2015 - July 2018**
Computer Applications	Master's
70%	

JSS SMI UG and PG Studies	**June 2012 - May 2015**
Computer Applications	Bachelor's
80%	

Global Work Exposure

Nokia	**February 2019**
	Finland

- Participated in a specialized training program conducted in Finland to enhance proficiency in the use of the Performance Analysis Framework (PAF) tool.

- Collaborated with international colleagues, exchanging insights and best practices in performance analysis, and gained exposure to diverse perspectives within a global work environment.

Skills

Web Technologies	**Web Frameworks**	**Tools**
HTML, CSS, Javascript, Python	React.js, Flask	Git, Visual Studio, Docker, JIRA, Jenkins
Databases	**Others**	
MySql, MongoDB	Linux, Shell Scripting, RESTful API
